Robert Jackson

Senior Full Stack Developer | Python Expert | Block chain Developer

@ G35816339@gmail.com

SUMMARY

Experienced Full Stack Developer with over 7 years specializing in React, Angular, Blockchain, Vue.js and Typescript .
Also Proven expertise in Python, Django, PostgreSQL, SQL/NOSQL .
With this, I have driven key frontend projects with a focus on user experience and performance optimization.
I can solve complex backend challenges.
Adept at working in Agile and cloud-based environments.

EXPERIENCE

Senior Full Stack Developer

Innovate Digital Group

📅 2021 - Present   📍 San Antonio, Texas

Worked on HTML, JavaScript and Python development projects, with a focus on data fetching and cleansing.

- Developed and maintained complex web applications using Angular, React, and Vue.js for frontend and Django, Node.js for backend.
- Built smart contracts and blockchain solutions for secure transactions and decentralized apps.
- Implemented RESTful APIs and optimized integration between backend systems and front-end interfaces.
- Worked with Next.js for server-side rendering, enhancing SEO and user experience for React apps.
- Integrated Shopify and Laravel for e-commerce and content management solutions.
- Utilized CI/CD pipelines to ensure smooth deployments and improve release frequency.

Web Developer

Accenture

📅 2017 - 2020   📍 San Antonio, Texas

Worked on web development projects using HTML and JavaScript. Gained Python skills on the job.

- Assisted in the development of dynamic web applications using React and Node.js.
- Contributed to backend development in Python and Django, ensuring the efficiency and scalability of the system.
- Collaborated with the team on integrating blockchain technologies to provide innovative decentralized solutions.
- Enhanced the deployment pipeline using CI tools like Jenkins and Docker for smooth and automated processes.

STRENGTHS

⭐ **Critical Thinking**
Effectively used critical thinking to troubleshoot and solve challenging development problems.

✔️ **Communication**
successfully communicated technical data complications and helped the team to overcome them.

❤️ **Teamwork**
Collaborated with development team to deliver over 10 successful projects within given deadlines.

SKILLS

| HTML | JavaScript | Regular expressions |

| Angular | Vue.js | Blockchain |

| Typescript | Blockchain | Python |

| SQL/NoSQL | PostgreSQL |

| API Development | RESTFUL API |

CERTIFICATION

Python for Data Science
A specialized course conducted by Coursera that focused on Python development for data science applications.

Data Structures and Algorithms
An intensive course offered by Udacity that targeted understanding of key data structures and algorithms.

EDUCATION

Master of Science in Computer Science
University of Texas

📅 2016 - 2018   📍 San Antonio, Texas
